PRESIDENT'S REPORT:

President Heineman stated that Trustees Ralph Lepore and Bobby Walmsley joined her at the 'New Trustee Academy' held on November 9, 2000. Also in attendance were Governor Cellucci, Board of Higher Education Chairman Tocco, and Chancellor Gill.

Dr. McLaughlin, the Academy's facilitator, from Harvard University made several points about new Trustees and discussed the following:

- Trustees need to know about the institution and its mission.
- She recommended a Board Retreat once a year, and stressed that neither Presidents nor Trustees should surprise each other at meetings.
- She pointed out the complexity of the role of the Student Trustee whose job is to bring the views of the students to the Board, but to vote according to his or her understanding of issues.
- Review of the President should include a self-evaluation and interviews with key administrators and faculty every five years, with more modest reviews each year.
- Panel discussions included strategies for handling difficult situations.

President Heineman reported the following:

- A telephone call was received from the Governor's Office regarding the two upcoming March of 2001 Trustee vacancies. The Governor's Office has asked the College President to submit three names of candidates for each of the two vacancies, with an emphasis on diversity.

- Two members of the Framingham Historical Commission have expressed their opposition to the demolition of the President's House. The members have submitted correspondence to the Division of Capital Asset and Management (DCAM) asking for a Notice of Project change to the Executive Office of Environmental Affairs. To date, DCAM has not responded. However, nothing can be done until the end of the construction on the new Athletic Facility, which is now projected well into the spring. The President will attempt to ascertain where authority lies and what some of the costs would be if preservation of the house were combined with the construction of a new building, and report back to the Trustees on the status of affairs at the January 25, 2001 meeting of the Board.
- The official opening for the Ecumenical and Cultural Center was held yesterday, November 15, 2000. Board of Higher Education Chancellor Judith Gill and Division of Capital Asset and Management Commissioner Perini joined members of the College community and guests for the very successful and well attended opening ceremonies. The College is grateful to the Framingham State College Alumni Association for their generous gift of a baby grand Yamaha piano for the new Center.

[Trustee Kane joined the meeting]

- Continuing with President Heineman's 25 years of tradition at the College, this year's illustrated reading of "A Christmas Carol" will be held at the new Ecumenical and Cultural Center at 7:00 p.m. on Monday, December 11, 2000. All members of the campus community are invited to attend the Dickens Reading.
- A commemoration of the 15th Anniversary of Challenger's Education Legacy, in remembrance of Teacher-Astronaut Sharon "Christa" McAuliffe, will be held at 1:00 p.m. on Sunday, January 28, 2001 at the Henry Whittemore Library. All members of the campus community are invited to attend.
- **Summary of Performance Measurement Indicators.** Copies of the Performance Measurement Indicators were sent to Trustees with the Board materials for review. Meetings have been held with members of the President's cabinet and assigned responsibilities have been delegated. As the College prepares the final report, there are several questions that need to be clarified with the Board of Higher Education. Dr. Heineman expressed her appreciation to Dr. Patricia Plummer, Interim Associate Vice President for Academic Affairs, for her assistance with the College's response to the Performance Measurement Indicators.
- A luncheon in honor of former Representatives Barbara Gardner and John Stasik will be held tomorrow, November 17, 2000 at 11:30 a.m. in the 1839 Room of the D. Justin McCarthy College Center. The College is grateful to both for their support and assistance throughout the years.
- A meeting was held with Governor Cellucci and State College Presidents on Monday, November 13, 2000 to discuss "What the State Colleges are doing to help with the MCAS situation?" State College Presidents were asked to bring with them information outlining their institution's approach and strategy taken to address the MCAS situation. Framingham State College's information included an outline of what the College is doing in terms of preparing our teachers, a sample syllabus, a partial list of the professional development provided for Massachusetts Teachers in meeting the Curriculum Frameworks, and a Partnership with the Greater Framingham Community Church (including a budget) to prepare several on-line models accessible to students focusing on reading and writing as basic competency areas.

- The MSCA's Collective Bargaining issues are still unsettled. Trustees were sent a copy of the offer that was put on the table last week by the Board of Higher Education, which has not been accepted. Governor Cellucci has filed legislation to fund a three-percent increase, and a bargaining session is scheduled to be held tomorrow, November 17, 2000.

ACADEMIC AFFAIRS:

Vice President for Academic Affairs Arthur Doyle reported that the Associate Vice President for Academic Affairs Search Committee has been meeting regularly, reviewing applications as they are received. With the application deadline date set for November 27, 2000, the Search Committee will soon be selecting the final candidates for on-campus interviews.

Technology Update:

Vice President Doyle reported that Framingham State College was invited to give a presentation on our wireless laptop project at the College & University Learning Facilities Conference held in Hilton Head, South Carolina on November 9-10, 2000. Other institutions presenting at the Conference included Middlebury College, University of Maryland School of Nursing, MIT Center for Advanced Educational Services, and Suffolk University. Framingham State's focus of discussion was on "What Framingham State College is learning about 'wireless' student connectivity."

Dean of Graduate and Continuing Education Dr. Scott Greenberg updated members of the Board on technology and the approaches being taken to the MCAS situation. Dr. Greenberg stated that thanks to Romeo Marquis, Director of the Institute for Academic Technology Development, Framingham State College is at the forefront of instructional technology within the State, offering an entire graduate program on-line. Currently, 11 on-line courses are offered, with 23 on-line courses scheduled to be offered during the spring semester. In addition, on-line courses are being designed to provide assistance to teachers and students who will be taking the MCAS tests by preparing them for tutorial programs in reading and writing.

ENROLLMENT MANAGEMENT:

Admissions Recruitment Activities:

Dean of Admissions and Enrollment Services Dr. Philip Dooher reported that in comparison to last year, undergraduate enrollments have moderately increased, with a larger increase reflected in graduate enrollments.

Dr. Dooher stated that recruitment efforts are on-going, with more than 300 high school visitations held to date. The Admissions Office is very pleased with the attendance at the Friday and Saturday Admissions Information Sessions which have been held since the beginning of the semester. Due to the interest in these informative sessions, additional sessions have been scheduled throughout the semester.

Dr. Dooher stated that he would provide Trustees with an enrollment update at the January 25, 2001 meeting.

STUDENT SERVICES REPORT:

Residence Hall Renovations Update:

Dean of Student Services Cynthia Forrest reported that she continues to work closely with the Massachusetts State College Building Authority (MSCBA) and architects to upgrade and renovate the Residence Halls. Additional funding is needed to complete the project, and with the original architect's contract nearing its expiration date, the necessary funding increase cannot be added at this time. The MSCBA has been very supportive of the residence hall project, and they are currently working with another architect in an effort to move forward with the project. Trustees will be updated on the project and informed of any financial changes.

FINANCIAL AND ADMINISTRATIVE SERVICES:

Athletic Center Construction:

Vice President for Administration and Finance John Horrigan reported that the contractor has again extended the completion date of the Athletic Center to February, 2001. However, Mr. Horrigan stated that it was his opinion that the project will not be completed until late Spring, 2001.

Fiscal Year 2000 College Audit:

Vice President Horrigan stated that Trustees were sent copies of the Framingham State College Report on Audit of Financial Statements, Year Ended June 30, 2000. The College is pleased with the positive audit, which reflects Framingham State's strong cash reserves and fiscal stability.

The Carmela M. Hilbert Scholarship Trust:

Vice President Horrigan stated that in March of 1990, Carmela M. Hilbert, Class of 1946, and her sister, Donna Smith, Class of 1943, established the Adelina Acchione Cellucci Scholarship Trust Fund, in memory of their mother. The Scholarship Trust Fund provides scholarship assistance to students attending Framingham State College who are planning to enter the teaching profession.

A donation in the amount of \$25,000 has been received from Carmella Hilbert for the purpose of establishing a new scholarship trust: 'The Carmela M. Hilbert Scholarship Trust'. The new scholarship will provide assistance to financially deserving Framingham State College students, who are immigrants to the United States of America, and who have achieved a cumulative grade point average of 3.0 or higher at the College (Attachment A).

Following discussion,

THE CARMELA M. HILBERT SCHOLARSHIP TRUST

FRAMINGHAM STATE COLLEGE

Pursuant to the provisions of the general Laws of the Commonwealth of Massachusetts, there is hereby established a Trust Fund at Framingham State College which shall be entitled, "**The Carmela M. Hilbert Immigrant Scholarship Trust.**" The scholarship is established by Carmela M. Hilbert (Class of 1946) in honor of her mother, Adelina Acchione Cellucci.

The purpose of the Trust is to provide scholarship assistance to financially deserving sophomores, juniors, or seniors at Framingham State College, who are immigrants to the United States of America and who have achieved a cumulative grade point average of 3.0 or higher at the College.

The Trust shall be administered by the President, or designee, of Framingham State College. Proper records and bank accounts shall be maintained in a manner consistent with proper accounting procedures for an enterprise of this kind and will be subject to audit and inspection by the Department of the State Auditor and such agencies charged with such responsibilities.
