PRESIDENT'S REPORT:

President Kieft stated that since the September 19, 1996 meeting he has met with several legislators and business and community representatives to discuss and to better understand their ideas and perspectives about Framingham State College and Public Higher Education in Massachusetts. The overall consensus from the legislative leadership is concern with cost containment and expediting administrative efficiency. He noted that this consensus is consistent with the message being sent by the Board of Higher Education.

Dr. Kieft stated that Chair Lepore has requested that a preliminary plan be formulated by the administration that addresses the implementation of the Board of Higher Education's policy directive. The directive requests that colleges carefully review various degree programs with low enrollments for the possibility of consolidating or eliminating such programs. The College administration continues to be engaged in a process of discussion, review and analysis with academic departments to formulate the plan requested by the Trustees for submission to the Board of Higher Education.

President Kieft reported the following:

- ... The Board of Higher Education has distributed their public higher education budget recommendations for Fiscal Year 1998 which will be forwarded to their Board on November 19, 1996 for action. The overall budget recommendation remains stable for Framingham State College, with no unanticipated changes expected. The budget recommendation includes a 5% reduction in tuition, with no change in fees recommended. President Kieft stated that he was pleased to note that the Framingham State College Board of Trustees led this initiative by approving a 5% reduction in tuition at their Board meeting held on January 18, 1996.
- ... Over the past several weeks the College administration has worked closely together reviewing the College's policy related to closing the College due to snow. Under the leadership of Provost/Vice President Helen Heineman, a series of meetings were held to review the current policy. Utilizing the information shared during these meetings and also reviewing the policies in effect at other colleges and universities, Dr. Heineman formulated and forwarded recommendations for my consideration. Following a thorough review of the recommendations, the campus community was notified of the new College Snow Policy on October 31, 1996 which addresses closure of the College, employee responsibilities, and overnight parking of cars.
- ... The assignment and reassignment of space on campus is one which is in need of consistency with a well understood process and procedure in place. To bring consistency and openness to the assignment and reassignment of space, a Space Council was established and charged with the responsibility of making recommendations about the assignment and reassignment of space in all campus buildings. Three individuals were appointed to serve as permanent members of the Space Council. When considering the assignment or reassignment of space in a particular building, the building supervisor in the building being considered will serve as the fourth member of the Space Council. All recommendations from the Space Council will be forwarded to the President who will render a final decision.
- ... Under the Chairmanship of Dean of Admissions and Enrollment Services Philip Doohar, a Committee on College Logo and Slogan has been established. Members of the campus community are invited to submit their suggestions, ideas and designs to be used on College stationery and other publications.

- ... Under the leadership of Acting Chief Rosemary Naughton, Campus Police continues to work closely with the Town of Framingham Police Department to implement the \$190,000 Campus Security/Public Safety/Policing Partnership Performance Improvement Program grant received by the Board of Higher Education. As part of the community policing approach, Campus Police have implemented a bike patrol, which has been very positive and well received among students and staff on campus.

- ... Campus Police have been actively involved with the Massachusetts Arson Task Force in its investigation of fires in Linsley Hall. Board members should be assured that Residence Life staff, Student Affairs staff, and Campus Police staff are all working cooperatively together with the Town of Framingham Police Department and the Massachusetts Arson Task Force to resolve this situation and apprehend the person or persons responsible.

- ... Thanks to the assistance of Dr. Philip Dooher, Framingham State is now linked to the Web Site through the on campus section of Boston's Web Site.

President Kieft distributed to members of the Board an updated informational list of off-campus meetings held since the September 19, 1996 Board meeting.

President Kieft stated that the Trustees had before them material along with five motions in connection with the Public Higher Education Endowment Incentive Program as authorized by Chapter 15A, Sections 15E and 37 of the General Laws of the Commonwealth of Massachusetts for action.

2. Maintenance of Endowments

(a) The College Endowment

There shall be maintained at the College, pursuant to Chapter 73, Section 14, of the General Laws, one or more trust funds or trust accounts that shall be (collectively) known as and demoninated the Framingham State College Endowment Fund. All moneys and other assets held in or upon the terms of such Fund shall, as a condition thereof, be held and applied for academic purposes at or for the benefit of Framingham State College and for no other purpose whatever.

(b) The Foundation Endowment

As a condition of its being granted and retaining certification under Chapter 15A, Section 37 (a), of the General Laws, the Framingham State College Foundation, Inc. (the "Foundation") shall maintain one or more trust funds or trust accounts that it shall (collectively) demoninate the Framingham State College Foundation Inc. Endowment Fund. All moneys and other assets held in or upon the terms of such Fund shall, as a condition thereof, be held and applied (by gift to the College or otherwise) for academic purposes at or for the benefit of Framingham State College and for no other purpose whatever.

(c) Definition: "Academic Purposes"

The phrase "academic purposes" shall have in these Procedures the meaning ascribed to it by Chapter 15A, Section 15E, of the General Laws. A gift made to the College or to the Foundation for academic purposes shall include, but not be limited to, a gift given in support of any of the following:

- (i) student scholarships;
- (ii) endowed chairs;

Each such report shall contain such additional information as the Board of Trustees may require. Nothing in this paragraph shall require, authorize or permit the disclosure, at a public meeting of the Board of Trustees or otherwise, of the identity of any donor whose donation is or was conditioned on the preservation of his, her or its anonymity.

(b) The Foundation Endowment

Every person soliciting funds or any other thing of value on behalf of the Foundation shall, when doing so, conspicuously disclose to the potential donor (i) that the donation sought is sought as one to be made for the benefit of the College through the Foundation and not directly to the College, and (ii) that the donor's identity will not be publicly disclosed if the donor makes a written request to that effect.

The Foundation, at its sole discretion, shall decide whether to accept or decline to accept every gift, testamentary or other, that is proffered to it for its Endowment Fund or for any trust or other account therein of which it is trustee or custodian. As a condition of accepting any such gift, the Foundation may, upon such terms as are acceptable to it and to the donor, undertake to preserve the donor's anonymity consistently with the requirements of law, and it shall thereafter do all such things as are lawful and appropriate to honor its undertaking.

Unless in any particular case a donor shall otherwise require, the Foundation shall receive and hold in its Endowment Fund, upon the terms of such trust or other account therein as is appropriate, every gift of money or other property that is required or permitted to be used exclusively for academic purposes. An accurate record shall be made of every such donation, which record shall identify the donor or donors of the gift, the amount or value thereof, the date of its acceptance and the date of its receipt, the nature of the gift (whether restricted or unrestricted), and, where applicable, the terms of any restriction; such record shall contain such additional information as the Board of Trustees may think appropriate. Every such record shall be kept so that the anonymity of any donor requesting the same shall be preserved.

Within ninety (90) days following the close of each quarter of the Commonwealth's fiscal year, the Foundation shall make to the President of the College a report containing a summary record, with a statement of the aggregate value thereof, of all donations made to the Foundation's Endowment Fund during such quarter; provided only that the report so made following the close of the fourth quarter of each such year shall contain as well a summary record, with a statement of the aggregate value thereof, of all donations made to the Foundation's Endowment Fund during the whole of such year. Each such report shall contain such additional information as the President of the College may require. Nothing in this paragraph shall require, authorize or permit the disclosure of the identity of any donor whose donations is or was conditioned on the preservation of his, her or its anonymity.

4. Certificate to the House and Senate Committees on Ways and Means

Not less frequently than annually the Board of Trustees shall make and submit to the House and Senate Committees on Ways and Means a statement certifying the aggregate value of all donations made for academic purposes (i) to the Framingham State College Endowment Fund and (ii) to the Framingham State College Foundation Inc. Endowment Fund during, in each case, the fiscal period (annual or other) to which the statement pertains. Every such statement shall conform to the requirements of Chapter 15A, Section 15E, of the General Laws and shall contain such information in support thereof as the Committees may require. A copy of every such statement shall be transmitted to the Board of Higher Education.

Every such statement shall be made and submitted so that the anonymity of any donor requesting the same shall be preserved.

5. Miscellaneous Requirements

(a) Books of Account and Audits

The books of account and other financial records of the College Endowment Fund and of the Foundation Endowment Fund shall be kept in accordance with generally accepted accounting principles; provided only that donations made to such Funds may be recorded on a cash basis or otherwise as the Funds' accountants shall advise.

The books of account and other financial records of the College Endowment Fund and of the Foundation Endowment Fund shall, in each case, be audited not less frequently than annually by a certified public accountant; such audit may be conducted as a part of a more general audit of the books of account and other financial records of the College, in the one case, and, in the other, of the Foundation. The Foundation shall transmit to the President of the College a copy of every report, in its final form, that its accountants prepare in connection with each such audit, and the President shall transmit a copy thereof to the Board of Trustees. The President shall also transmit to the Board of Trustees a copy, in its final form, of every report that the College's accountants prepare in connection with their audit of the College Endowment Fund.
