**Report of the Chair:**

Chair Lepore stated that the first organizational meeting of the Presidential Search Committee was held on September 13, 1995. Advertisements for the Presidential position were placed in two consecutive September and October 1995 issues of: Hispanic Outlook, Black Issues, Women In Higher Education, Chronicle of Higher Education, and the Boston Sunday Globe. To date, 30 applications have been received, with approximately 200 anticipated by the December 31, 1995 closing date. In keeping with the open meeting law, all meetings of the Presidential Search Committee will be open to the public.

On behalf of the entire Board, Chair Lepore expressed his sincere appreciation to President Paul F. Weller for his more than 10 years of dedicated service to Framingham State College. President Weller's continuous commitment to the College's logo, "Access to Excellence", has been truly outstanding. Thanks to his exceptional leadership, the College has richly prospered over the years. We are proud of this progress, and it is with pride that we undertake the search process for a new President to continue this trend, and to lead Framingham State College into the next Century.

In acknowledgement and appreciation, President Weller received applause and a standing ovation from Board members and guests.

*In recognition to former Trustees Jill Cheng, Maureen Fessenden, and Ramona Hilgenkamp, Chair Lepore presented certificates of appreciation signed by Board of Trustees Chair Ralph Lepore and President Paul F. Weller.*

**Report of the Budget Task Force:**

Trustee Weinroth, Chair of the Budget Task Force, read the Report of the Budget Task Force (Attachment B).

**Report of the President:**

Vice President for Academic Affairs Helen Heineman stated that with the settlement of the Faculty Contract, College committees will begin meeting, with many agenda items to be addressed. Vice President Heineman reported the following:

- ... In an effort to move forth with the new general education curriculum, the contract committees will be asked to review and revise the general education courses within the guidelines. Specific skills criteria will be placed on all general education course requirements. Additional goals will provide students the opportunity to study issues of gender, race, and class, and expose them to foreign languages.
- ... Much progress has been made this past year toward making Framingham State College an "electronic campus". Associate Vice President Arthur Doyle will continue work on expanding and enhancing this program during the 1995-96 academic year.
- ... Associate Vice President Arthur Doyle and Director of Continuing Education Chet Roskey joined me at a Higher Education Day Conference: Electronic Teaching and Learning in Higher Education, held at Bridgewater State College's new "John Joseph Moakley Center for Technological Applications" on September 8, 1995. The Center, funded by a \$10 million federal grant, is designed to train teachers in the use of technology to improve instruction in higher education and in grades K-12, particularly in mathematics and science. The Center and its programs are very impressive, and will be used as a model to enhance Bridgewater State College's Teacher Education Program.
- ... Congratulations and special recognition is given to Drs. Mohammad Salmassi and Anne Sevin of the Mathematics Department as recipients of a grant from the National Science Foundation. The \$29,941 grant monies will be used to establish a computer statistics program and laboratory.

Dr. Heineman reported on several academic programs, and expressed her enthusiasm for the Academic Affairs Staff and the many projects planned for the upcoming academic year.

Vice President for Student Services Wendy Noyes reported the following:

- ... Special thanks to Career Services Director Jackie Sproul and Counselor Angela Dunn for their efforts in preparing the Class of 1994 Alumni Survey Report. The survey was mailed to 720 graduates in January, 1995, with responses received from 56 percent of the class. The report is very inclusive and provides beneficial information relating to employment, location, and salary, as well as information on members of the Class of 1994 who have enrolled in graduate or professional degree programs.

- ... *Special thanks to Student Government Association Vice President Bryan Walsh for his assistance with the Student Escort Service. Through Bryan's efforts in working with area dealerships, we are grateful to Jerome Chevrolet Geo, Inc., in Natick, for their support of the program by donating a 1987 Chevrolet Cavalier for use by the Escort Service. A recognition plaque will be presented to Jerome Chevrolet Geo, Inc., during the Homecoming Weekend activities.*
  
- ... *Interest in campus living has increased, with 1,221 students presently housed in the residence halls.*
  
- ... *The contract with Suburban Athletics continues to be very popular and successful, with 187 residence life students participating in the program.*
  
- ... *The Freshmen Year Experience continues to be a very positive program, with 156 applications received for 56 spaces available. The program was designed to assist new students in the transition from high school to college, and is based on the following set of six goals:*
  - . *To assist new students with the difficult transition from high school to college in order to prevent their dropping out of Framingham State College;*
  - . *To provide a supportive environment designed to assist students as they gain skills and competencies for achieving greater independence;*
  - . *To encourage each student's involvement in academic and co-curricular campus life;*
  - . *To assist new students in their intellectual, social, and emotional development;*
  - . *To provide an environment where new students can explore the ethical and moral issues related to self and the community; and*
  - . *To assist new students with understanding and embracing diversity.*

*Dean of Admissions Philip Dooher distributed copies of the new Admissions Brochure and extended a personal invitation to Trustees to attend the November 5, 1995 Annual Admissions Open House.*

*Dr. Dooher updated Trustees on a summary for the Fall, 1995 admissions. To date, 3,806 applications have been received. Acceptances have been offered to 2,747 students, with 1,153 students presently enrolled. The following reflects a breakdown of the 1,153 confirmed enrollments:*

- . *651 Freshmen; 502 Transfer Students*
- . *734 or 64% Female; 419 or 36% Male Students*
- . *610 or 53% Residence Hall; 543 or 47% Commuter Students*
- . *219 or 19% Adults Returning to College (age 25 and older)*
- . *120 or 10.4% Students of Color*
- . *36 International Students*
- . *52 Out-of-State Students*

*In comparison to the Fall of 1994, overall student percentage reflects an increase of 29% for Freshmen; an increase of 27.6% for Residence Halls; and an increase of 8.4% for Students of Color.*

Associate Vice President and Executive Assistant to the President Michael Fiorentino reported on the activities of the College's academic Centers:

- ... The Global Education Center hosted two very successful institutes during the summer months. The Center continues to be active and is currently preparing a proposal for Bay State Skills for a \$40,000 grant.
- ... The John C. Stalker Institute of Food and Nutrition has many programs and activities underway, and is currently preparing a proposal for funding from the U.S. Department of Education.
- ... The MetroWest Economic Research Center (MERC) hosted a major conference on July 18, 1995. The one-day conference on economic and employment trends was well received by all those in attendance.
- ... The McAuliffe/Challenger Centers hosted a four-day National Christa McAuliffe Fellowship Conference on July 26-29, 1995. The success of the program was reassuring, and plans are already underway to continue the program in 1996.

Director of Development Nancy Haverstock reported the following:

- ... The total year end amount for the 1994-95 Annual Fund is \$62,013 received from 1,728 donors. President Weller will be hosting a donor's reception at his home for Leadership Gift Club members who have donated \$100 or more, on October 21, 1995. Plans are underway for the upcoming year, thanks to the assistance of Rosalie Pittari Kelleher, Class of 1962, who has agreed to serve as Chairperson of the 1995-96 Annual Fund. Fall Phonathons will begin on October 15th and continue through the end of November, and Spring Phonathons will begin in early February, and continue through the end of March, 1996.
- ... The Development Staff is currently working on the Fall edition of FSC Quality, which will highlight institutional advancement.
- ... The Alumni Relations Office was very active during the 1994-95 academic year. Approximately 4,000 graduate school and continuing education alumni were added to the data base. The Second Annual Alumni Outing was held at Fenway Park on Sunday, June 4, 1995, with Lou Gorman, Senior Vice President for Baseball Operations, as the guest speaker. The very successful event was attended by more than 85 alumni, faculty, staff and their families.
- ... The Development and Alumni Relations Office continue to be active in planning and coordinating many events for the upcoming academic year.

Director Haverstock expressed her appreciation to members of the Board for their continuing support of the College's Development efforts.

President Weller expressed his sincere appreciation to former Trustees Jill Cheng, Maureen Fessenden, and Ramona Hilgenkamp for their outstanding dedication and commitment to the Board of Trustees and the entire Framingham State College over the past five years.

President Weller stated that the Danforth Museum held its Annual Craft Festival at the College on June 22-25, 1995. This annual event is very successful and continues to attract and interest many visitors to the campus. The 1996 Craft Festival is planned for June 13-16. The Museum will be joining partnerships with Barns and Noble Bookstore at their Grand Opening Preview on September 28, 1996. The Museum will provide art displays for their new Shoppers World store, and will receive 10% of the proceeds for September 28 and 29, 1995.

President Weller stated that as part of the College's International Education Program, he was asked to deliver the Commencement Address and confer the Degree of Master of Education to students at the Rome American School in Rome, Italy on June 17, 1995. The students were delighted and expressed their enthusiasm and appreciation for the valuable education and quality of the program afforded them.

**Other Business:**

Chair Lepore recognized Dr. Thomas Eames, President of the Framingham State College Professional Association, in his request to address members of the Board.

On behalf of the Framingham State College Professional Association, Dr. Eames expressed his appreciation for the opportunity to speak to members of the Board.

Dr. Eames stated that since he last addressed the Board at their meeting on August 15, 1995, members of the faculty have met on several occasions. Faculty members have asked that he reinforce their opposition to the Presidential Search Committee selection process. Faculty members continue to be disturbed by the process of not being afforded the opportunity to choose their own representatives. In an attempt to relieve this distress, members of the Faculty have asked that the Board consider modifying the Search Committee by asking each campus association to select one additional representative to serve on the Presidential Search Committee.

Chair Lepore recognized Mr. Walter Koroski, President, APA/MTA/NEA, in his request to speak.

Mr. Koroski stated that the APA Executive Board concurs with members of the faculty, and asks that the Board consider increasing the number of representatives to serve on the Presidential Search Committee.

Chair Lepore recognized Student Government Association President Christopher Anderson in his request to speak.

Mr. Anderson stated that the Student Senate expressed concern with the announcement of the formation of the Presidential Search Committee over the summer months. The Student Senate requests that Board members consider appointing one additional student to serve on the Presidential Search Committee.

Chair Lepore restated the Board's approval of the Presidential Search Committee selection process as discussed at the August 15, 1995 meeting of the Board.

Following discussion,

\* \* \* \* \*

On motion duly made and seconded, it was

VOTED: Unanimously, to reinforce the approval of the Board of Trustees in the selection of a nine member Presidential Search Committee.

\* \* \* \* \*

There being no further business, the meeting adjourned at 8:30 p.m.

Respectfully submitted,

Ralph T. Lepore, III  
Chair  
Framingham State College Board of Trustees

Paul F. Weller  
President and Executive Secretary to the Framingham State  
College Board of Trustees

**FRAMINGHAM STATE COLLEGE**

**BUDGET TASK FORCE**

**SEPTEMBER 21, 1995**

The Budget Task Force met on Thursday, September 21, 1995 at 4:00 p.m. in the 1839 Room of the D. Justin McCarthy College Center at Framingham State College. Trustees Present: Weinroth, Chair; Coyle, Buckley, Flaherty, Gadbois, Oxman, and Lepore

President Weller and Vice President Horrigan reported on the Fiscal Year 1996 State Budget. The total budget for general College operations is \$15,317,452 - 2.5% greater than last year's appropriation of \$14,951,822. Of this amount "... no less than four hundred thousand dollars shall be expended for the Christa McAuliffe Center;..." and..."no less than ten thousand dollars shall be expended for global education". In addition to the above amounts, funds for Library Materials (\$325,155) Student Aid, (\$13,653) and the Center for Academic Support and Advising (CASA) (\$20,032) have been level funded. While very pleased with the new budget, staff has indicated that appropriated funds do not provide for many of the operating costs of the College - such as electricity, oil, gas, water, telephone, postage, printing, travel, part time employees, and supplies. These items are funded, primarily, by the Emergency Educational Services Fee.

You will find in tonight's material (Attachment A) a copy of "All About Tuition and Fees" and Charts I, II, and III which summarize student charges for the current academic year. Overall increases were 2.41% for commuting students and 2.97% for students living in College residence halls.

A Capital Outlay Budget for Fiscal Year 1996 was approved in the House of Representatives in late Spring. It is currently being reviewed by the Senate Ways and Means Committee. The House Bill includes \$12,532,000 for our proposed Athletic facility and an additional \$11,033,000 for various campus repairs, renovations and disability access. (Attachment B of the materials distributed this evening.)

The Task Force reviewed the Quarterly Trust Fund Report for Fiscal year 1995 (Attachment V of the mailed materials). Included in the report are the account balances as of June 30, 1994 and June 30, 1995. Comments regarding this report may be given to Vice President Horrigan.

\* \* \* \* \*

Vice President Horrigan presented the Fiscal Year 1994 independent auditors report of the Financial Statements of Framingham State College. (This report was sent to all members of the Trustees as Attachment IV.) The audit report indicates that the "financial statements...present fairly, in all material respects, the financial position of Framingham State College at June 30, 1994,...in conformity with generally accepted accounting principles". As you are aware Framingham State College was the first Massachusetts State College to have its accounts audited by an independent certified public accounting firm. This report is the second to be presented to you. The Fiscal year 1995 Audit is currently in progress. On June 21, 1995 HECC voted to require independent audits beginning with Fiscal Year 1996 (Attachment C distributed this evening.) Framingham State College is in conformity with their vote.

\* \* \* \* \*

Vice President Horrigan reported on The Fiscal Year 1997 Budget process which is currently underway. The process is very much different from previous years, and it is the Chancellor's intention "...to integrate...campus budgeting information into a system budget that clearly articulates the Higher Education Coordinating Council's spending priorities". The Chancellor has asked for expenditure information similar to that requested in the past (Attachment D.) In addition, he has asked for a report on re-allocation of resources and innovative initiatives (Attachment E). It is the Chancellor's plan to present the Higher Education Coordinating Council's Fiscal Year 1997 Budget Request in November, however "...final content decisions and areas of focus are yet to be finalized " by the Chancellor (Attachment F). We will keep you advised of further developments.

Collective Bargaining negotiations for Faculty/Librarians and Administrative Units are not yet finalized. Regarding Faculty, a contractual agreement was reached and a contract ratified in accordance with financial parameters set by HECC. After ratification, the Office of Administration and Finance revised these financial parameters. As a result it was necessary to reopen negotiations. A final agreement has not yet been ratified. The Administrative Unit (APA) negotiations are on-going and are not as near finalization as the faculty. The unit for support staff (AFSCME) has concluded negotiations, and a ratification vote of the membership will take place in the near future.

Vice President Horrigan also reported:

- ... The Chemistry and Food Science Department of the College has entered into a Collaborative Education Partnership with Research Biochemicals, International of Natick which will provide the opportunity for our students to observe and participate in laboratory analysis and research using the NMR Spectrometer. (Attachment G)
- ... During the summer, the College purchased approximately 100 new personal computers. This purchase included 40 486 PC's which were placed in the Residence Halls throughout campus.
- ... A new gym floor and sound system has been installed in Dwight Hall and new bleachers have been ordered.
- ... A new air handling system for the College Center is near final completion and is providing a greater volume of outside air to the upper floors of the College Center.
- ... Construction is under way in the area adjacent to the new food service snack bar in Towers. The new facility will provide offices for the activities of several campus centers including the Metrowest Economic Research Center (MERC) and the international education program.
- ... Planning efforts are under way with the Vice President for Academic Affairs and the Art Department, Education Department, Math Department and the Media/Communications Department to develop new computer laboratories.
- ... A new recycling area is being developed in the rear of the library.
- ... Cushing Hospital is again being used for student parking.
- ... Remodeling of the Financial Aid Office is 90% complete.
